

Health and safety plan for volunteers undertaking rodent monitoring

This plan has been developed to help protect against hazards associated with rodent monitoring. Under the Health and Safety at Work Act 2015 the Otago Peninsula Biodiversity Group (OPBG) will make every effort to enable their members, participants, members of the public and people in the vicinity to return home safely each day. As a volunteer worker, you are responsible for taking all practicable steps to ensure your own safety and that of others associated with your work, such as homeowners and their families.

Hazards and their management

Three main categories of hazard are considered in this safety plan:

1. Environment: may include the terrain, water bodies (e.g. streams), weather conditions, fire and vegetation.
2. Resources and equipment: may include the use of wire hoops and monitoring tunnels.
3. People: may include failure to follow instructions, undisclosed or unrecognized medical conditions, wearing clothing that is inadequate for the conditions, and inadequate fitness or agility for the task being performed.

The attached Hazard Identification Form lists the hazards that have been identified by OPBG in each of these categories and the actions that should be taken to eliminate or minimise each hazard. In most cases the actions listed are intended to minimise the hazard involved.

Safety briefing

Before starting work you will be given a safety briefing by the team leader (Trustee, Project Manager, Operations Manager, Volunteer Coordinator or other designated person). The briefing will identify the significant hazards and the control measures intended to eliminate or minimize them. In all cases you are expected to follow the reasonable directions of the team leader.

If you will be working alone you will be expected to act as the team leader by identifying the significant hazards and the control measures you will take to eliminate or minimize them.

As a volunteer, you are required to complete a Personal Details Form before undertaking any work for OPBG. In this form you acknowledge that you have received training for the activity that you are volunteering for.

In the event of an incident

- Stay calm, think things through before acting
- Call out, ask for assistance from residents or neighbours
- Assess the situation, ensure the scene is safe for you and others, check for potential hazards
- Reassure the injured person, administer first aid
- Call for medical assistance

Other persons assisting you

You are obliged to brief anyone accompanying you on the Health and Safety Plan for this work; for example, advice on suitable clothing and footwear, identification of the hazards and actions that should be taken to reduce the risks associated with each hazard.

Incident/near-miss reporting

Report all incidents involving injury and near-miss incidents to the team leader coordinating your work. The information you report will assist the OPBG in identifying a safety problem and how it might be addressed.

Feedback on this safety plan

Any comments you have on this plan, including changes to suggested control measures or the identification of additional hazards, will be welcomed and will help OPBG to improve its safety planning. Please provide feedback to the team leader coordinating your work or any of the following safety contacts.

Adopted by the Otago Peninsula Biodiversity Trust Board: 15/4/2015

Amendments approved by the Otago Peninsula Biodiversity Trust Board: 19/08/2015

Annual Review approved by the Otago Peninsula Biodiversity Trust Board: 21/06/2017

OPBG Hazard Identification Form			Activity: Rodent Monitoring
Responsibility: Trustee <i>Moira Parker</i>			Review period: Annually
Hazard	Significant Y/N	Action E/M	Actions
Environment *			
Steep and uneven ground	Y	M	Allow sufficient time to do the work, don't rush Take care climbing banks to access tunnels
Slippery surfaces	Y	M	Wear suitable footwear
Rocky terrain	Y	M	Take particular care on Pyramids rodent line
Deterioration in weather	N	M	Check the forecast and try to do the work before bad weather; wear appropriate clothing
Bad weather	Y	M	Wear suitable clothing if tracking cards have to be collected in bad weather
Dogs	Y	M	Avoid areas where aggressive dogs are known to reside. The following website has good information to prepare yourself in case you find yourself in threatening situation with a dog http://www.dogsafety.govt.nz/Grownups-Dealing-with-Dogs-Reading-Dog-Behaviour
Equipment			
Wire hoops & pins	N	M	Take care if replacing wire hoops and using pins
Tracking tunnels & cards	N	M	Wash hands after handling tunnels and tracking cards
People			
Medical conditions	Y	M	<ul style="list-style-type: none"> • Complete personal details form and give to OPBG coordinator • Carry identification card listing: <ul style="list-style-type: none"> ○ Name ○ Date of birth ○ Address ○ In Case of Emergency (ICE) phone number ○ Next of Kin ○ Relevant medical conditions ○ Relevant medicines ○ Allergies (e.g. bee stings, drugs) • Have an emergency strategy
Working alone	Y	M	<ul style="list-style-type: none"> • Advise responsible person of intentions (e.g. location, route, completion time and who to contact if you fail to return) before setting out • Stick to intentions • Advise responsible person when you return • Carry mobile phone and/or PLB • Carry personal first-aid kit
Lack of fitness/agility	Y	M	Work within personal limits
Private land	Y	M	Check with OPBG/owner / lessee about access to farmland when closed to the public for lambing
Glenfalloch line	-	-	Text Alan Funnell prior to putting out tracking cards
Stewarts Creek line	-	-	Text Brendon Cross re access up hill, through paddock
			Key: E=Eliminate M=Minimise

* All workers have the right to remove themselves from any situations that they consider unsafe.

Otago Peninsula Biodiversity Group Rodent Monitoring Health and Safety Plan

Training Record - to be signed and returned to your team leader.

I _____ have read and understand the Rodent Monitoring health and safety plan provided by OPBG and confirm that I have been given appropriate training for my voluntary work.
